

Student Technology Code of Conduct for Immanuel Schools Computer and Internet Use Policy

Immanuel Schools believe in the educational value of electronic devices/services and recognizes their potential to support our curriculum. Our goal in providing this service is to promote educational excellence by facilitating research, innovation, and communication. Use of electronic devices (including, but not limited to: computers, iPads, smart phones) and the internet will be for the purpose of education and research and will support the educational goals and objectives of Immanuel Schools.

As members of a school community and as representatives of their school in the global electronic community, students are expected to abide by Immanuel Schools code of conduct.

1. **Personal Responsibility:** Each student is personally responsible for any misuse of the network and electronic devices. All rules of conduct described in the Immanuel Schools Handbook discipline code apply while using the network and electronic devices.
2. **Acceptable Use:** The following guidelines are to be followed and regarded as acceptable usage.
 - a. Access or transmission of material in violation of any Immanuel Schools' policy is prohibited. This includes, but is not limited to, abusive, threatening, profane or obscene material.
 - b. Immanuel Schools' access may not be used for commercial activities or product advertisement.
 - c. Inappropriate use of electronic information resources can be a violation of local, state, and federal laws, and violators may be prosecuted. This includes, but is not limited to; copyrighted material protected by trade secret.
 - d. Home addresses and phone numbers may not be revealed.
 - e. Immanuel Schools reserve the right to monitor or review activity on electronic devices. This includes, but is not limited to, email sent or received, cache files, student's files, or printed material.
 - f. All files must be approved by the Director of Technology before being installed on any Immanuel Schools' electronic devices.
3. **Vandalism:** Vandalism in the electronic community is any attempt to harm, disrupt, or destroy data of another user or any other agency or network that is connected to the system. This includes, but is not limited to, the uploading, downloading, or creation of computer viruses. Physical vandalism of equipment is also prohibited. Any vandalism will result in the loss of computer services, disciplinary action, and possible legal referral.
4. **Additional Use:** These rules also apply while traveling on Immanuel buses or provided transportation.
5. **Approval:** Before students may use electronic devices or access the Internet the *Student Technology Code of Conduct for Immanuel Schools must be signed by the student and parent/guardian.*
